

Hurricane Michael Community Development Block Grant Disaster Recovery (CDBG-DR) Hazard Mitigation Program (HMGP) Match

FEMA's Hazard Mitigation Grant Program (HMGP) requires a local match or non-federal match of 25%. This program, as identified in the State of Florida Hurricane Michael Disaster Recovery (CDBG-DR) approved Action Plan, will fund the local match portion of the HMGP award. These funds, funded through the Hazard Mitigation Grant Program (HMGP) as approved by the Florida Division of Emergency Management (Division) and the Federal Emergency Management Agency (FEMA), represent a unique and significant opportunity for the State, in the areas most impacted by recent disasters, to carry out strategic and high impact activities to rebuild and harden infrastructure to prevent or reduce losses in future disasters.
